

Business Services

Do you?

- Have good communication skills
- Enjoy problem solving
- Enjoy planning and organising

Then a role in Business Services in the water industry could be for you!

There are lots of opportunities in the Queensland Water Industry for those that work in Business Services, especially if you are interested in working in a regional location.

Business services roles include human resources, customer services, contract management, marketing and information and technology services.

Business service roles have specialist knowledge and skills that are usually transferrable across a range of industries. Water industry roles do not tend to differ from those in other businesses. However, some areas such as contract management and marketing are unique due to the specific requirements of the water industry.

Benefits of working in the water industry include the chance to do something worthwhile for your community, working on a wide range of interesting projects, a flexible workplace that supports your work/life balance and the opportunity to be part of a secure workforce where you can find jobs anywhere in the world!
